M. I. Spaulding, painter, living at the corner of Warren street and Maple avenue, Barre, Vt., says: "I had more or less kidney trouble for five years, and think it was brought on by conditions which any man working at my trade is subject to. After a hard day's work there would be such an aching in my back that I could hardly sleep at all. Dark spots floated before my eyes at times and the action of the kidney secretions plainly showed that the kidneys were diseased. The use of two boxes of Doan's Kidney Pills, procured at E. A. Drown's drug store, stopped the backache and corrected the kidney weakness so that the secretions were regulated and became natural in color. Doan's Kidney Pills are the best kidney remedy I know of and I have advised their use to friends whom I have heard complaining of their back or kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

A HISTORIC HIGHWAY.

How Colonel Zane Kept His Contract to Mark the Road.

It is said that the beginning of one part of a historic road may be traced to the following incident: In early days, before the public conveyance by stage between the east and west, travel was generally by horseback. Judge Brown, senator for Kentucky, reached Wheeling on the way to the capital and tired. He was a guest of Colonel Ebenezer Zane, an early settler at Wheeling. Standing before the fire in Zane's comfortable cabin, he remarked, "Zane, if you will have a roadway marked from here to Limestone (Maysville), I will have congress grant you a section of land at the crossing of the Muskingum, Hocking and Scioto rivers." Zane fulfilled the contract, and congress made the grant.

May 17, 1790, congress granted to Ebenezer Zane three tracts of land, one square mile, one on the Muskingum, one on the Hocking and one on the Scioto river, in the state of Ohio, for the purpose of building ferries on the road from Wheeling, W. Va., to Limestone, which road was to be opened by the president of the United States. These grants were confirmed to Zane and patented Feb. 14, 1800. On April 3, 1802, congress passed the same act in favor of Isaac Zane, his heirs or assigns, located in the Northwest Territory, now the state of Ohio. Zane made good use of his grants. He located the town of Zanesville on the Muskingum, the town of Fairfield on the Hocking and Chillicothe on the Scioto. The story runs that when Judge Brown passed over the "road" he found it well marked by—blazed trees.—Exchange.

MODISH CONCEITS.

Athletic Girl Has Golf Sticks, Rackets and Oars Worked on Her Stocks.

The embroidered stock is the thing this season. The smartest neckwear displays a variety of designs, and some of them are in colored flowers and emblems. Tennis rackets, golf sticks, oars and even yachts are seen on the stocks of the athletic girl.

Smart women are wearing high cut slippers with front portion—tee, ramp and long instep plastron—in one piece and beautifully beaded in gold and jet

or in colors. Side laced sandals, with delicate instep straps beaded and embroidered, are favorites of fastidious women for house wear.

A long filmy scarf is a charming addition to a summer toilet. In color it must harmonize with the costume, though it need not match it exactly. The scarf is not tied, but thrown over the shoulder and allowed to fall in long straight folds to the hem of the dress.

Spider cloth is among the summer novelties in cottons. A beautiful design in blue and white spider cloth has a wide stripe of shaded blue, light even in its deepest tone, alternating with a wide stripe of white, and over both stripes are thrown clusters of white daisies.

The girl's costume illustrated is of black and white striped panna cloth. Such a suit makes a charming summer traveling gown.

JUDIC CHOLLET.

The Way to Fame.
"So you are going to Europe?" "Yes," answered the man who aspires to be a prominent citizen. "I don't care much about the trip, but the reporters never seem anxious to interview you about American affairs until you have been abroad long enough to lose track of them."—Washington Star.

All the world's a stage, but the majority of us sit in the gallery and throw things at the performers.—Scraps.

Easily Replaced.
Mr. Fastnet (with extra)—Sensational element! Well, what do you think of that? Young Galey has run off with his father's stenographer! Mrs. Fastnet—Heavens! Why, it'll break the poor old man's heart. Mr. Fastnet—Oh, I don't know. There are just as pretty stenographers in the employment agency as ever were hired.—Puck.

Irresistible.
The Doctor—What your wife needs is more physical exercise. Homer—But, doctor, I can't induce her to go outside the house. The Doctor—Oh, yes, you can. Mark all the bargain advertisements in the paper and give her \$50.—Chicago News.
